

Energize & Transform Learning

3M DB578

For educators and business professionals who must make the right impression every time, the 3M Digital Board helps you deliver information in an engaging, understandable and motivating presentation format. Reach higher educational goals, energize students, increase retention of information, and transform learning to an interactive experience with 3M Digital Boards.

Reach Higher Goals – Energize Your Audience!

Collaboration and Information Gathering

- **Interactivity** – Turn your classroom or meeting space into an interactive, collaborative environment. The 3M Digital Board combined with a projection system and a computer provides the perfect solution to keep your audience focused and engaged.
- **Powerful and Easy to use** – Use the 3M Digital Board to annotate over projected applications and save written notes in a variety of electronic formats. The powerful, intuitive software package provides tools to enrich teaching and learning without intimidation and extensive software training.
- **Flexibility** – Use without a projection system to simply capture notes as they are being written with an optional dry erase marker system straight to your computer. The notes can be printed, e-mailed, edited, and saved to your computer in a variety of well-known formats including: WBD, PDF, BMP, JPG, TIF, PPT, EMF, PPS.
- **Durability** – The highly durable porcelain enamel over steel writing surface is resistant to scratches, stains and

graffiti ensuring many years of use. The electronics-free surface allows for worry-free usage as a simple dry-erase board with any marker and can be cleaned with most cleaning chemicals restoring its original appearance.

- **Affordability** – Modular components can be easily and inexpensively replaced for a low cost of ownership over time. Mounting hardware and USB cord are included and ready to install upon purchase.

Features

- 78" diagonal screen size
- Low gloss surface optimized for projection
- Porcelain enamel surface coating compatible with dry-erase markers
- Digital Annotation software
- Unlimited licensing of easy-to-use software
- Free software upgrades
- Multi-function digital presentation pen

Important Notice

All statements, technical information, and recommendations related to 3M's products are on information believed to be reliable, but the accuracy or completeness is not guaranteed. Before using this product, you must evaluate it and determine if it is suitable for your intended application. You assume all risks and liability associated with such use. Any statements related to the product which are not contained in 3M's current publication, or any contrary statements contained on your purchase order shall have no force or effect unless expressly agreed upon, in writing, by an authorized officer of 3M.

General Limited Warranty

3M warrants that when the 3M Product is used according to 3M's Intended Use Statement (www.3m.com/meetings), it will perform satisfactorily for the warranted durability period as stated in the applicable 3M Product Manual in effect at the time of purchase. The warranties stated in the applicable 3M Product Manuals are exclusive and are made in place of any and all express or implied warranties or conditions, including any implied warranty of merchantability or fitness for a particular purpose, or any industry practice or custom or trade usage. Failure to follow the instructions contained in the appropriate 3M Product Manual or to use the 3M Product in accordance with 3M's Intended Use Statement, will void all warranties and limited remedies.

EXCEPT AS SPECIFICALLY STATED IN THE APPLICABLE 3M PRODUCT MANUAL, 3M SHALL NOT BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, REVENUE OR BUSINESS) RESULTING FROM, OR IN ANY WAY RELATED TO PERFORMANCE, USE OR INABILITY TO USE ANY OF THE 3M PRODUCT. This limitation applies regardless of the legal theory upon which damages are sought.

If 3M Product is defective within the applicable warranty period, your exclusive remedy shall be, at 3M's option, to replace or repair the 3M Product or to refund the purchase price of the 3M Product. All replaced parts or products become property of 3M. If the 3M Product is repaired, 3M will repair the defective part(s) with a new or used part(s). If the 3M Product is replaced, 3M will replace the product with the same or equivalent model and with a new or refurbished product. In the case of an approved warranty claim, the replacement 3M Product will carry only the remaining term of the original 3M Product's warranty period as stated in the applicable 3M Product Manual. For warranty service, you must provide proof of the date of the original purchase, otherwise the manufacturing code date will be used to establish the start date of the warranty.

3M Product Manuals include durability statements and may include limitations specific to the product(s) being used or its intended applications, which take precedence over any statement made here. Warranty terms, limitations and exclusions may differ outside the United States of America.
