

Order number	6112124	Driving power	1,5 kW
EAN Code	4026631027762	Bale height	600 mm
Depth	815 mm	Cycle time in idle operation	21 s
Width	1190 mm	Bale weight (max.)	70 kg
Height	1980 mm	Hourly bale output	3-6
Weight	481 kg	Loading dimensions	800 x 495 mm
Loading height	655 mm	Specific pressing power	11,85 N/cm ²
Pressing power	57 kN	Number of strappings	3
Bale length	800 mm	Strapping material	Polyester tape
Bale width	600 mm	Order no. tape/wire	6205993010

Technical and design modifications reserved.

The HSM V-Press 605 and HSM V-Press 610 reduce the volume of cardboard or foils in an economical way.

- Low installation height and surface
- Special retaining claws optimize the compression of the pressing material, increasing both the loading volume and bale output
- Quick and easy press assembly
- Mechanical bale ejector
- Configuration: eco – double door with handwheel door lock
